   Under 'Search ASIC Registers', select 'Organisations & Business Names' from the drop-down box.
1. The person representing the company: same documents as for an individual.

- **NOTE:** If the person representing the company is not a director of the company, then a letter on company letterhead identifying the representative (name and position in the company). This letter will need to be signed and dated by a company director.

GSB needs to Verify a Person's Identity:

Under the Anti Money Laundering and Counter Terrorism Financing Laws of Australia GSB is required to ensure that account holders have no association with money laundering, terrorism financing, or other illegal activities.

Therefore, as part of opening your Bullion Trading Account, GSB has to independently verify the personal identity of the following people:

1. The individual(s) representing the account.
2. Each Beneficial Owner of a company, SMSF, or family trust. These are people who ultimately own 25% or more of the entity OR who controls an entity's finance and operations. **Note**: Beneficial Owners do not need to personally attend the GSB office.

The process is as simple as 1, 2, 3:

1. We send each person a text message that they click on to commence the process.
2. They will then be asked to take a photo of their ID document. (Current Drivers Licence, Passport or Gov issued photo ID card)
3. They will then be asked to take a photo of themself. That's all there is to it -very simple, very fast.
